10 December 1959

MEMORANDUM FOR: Director of Central Intelligence

SUBJECT : President's Board of Consultants  
on Foreign Intelligence Activities

1. Mr. Coyne advises me that he expects to complete getting the approval from the various Board members of the current report to the President on 10 December and to clear the report with General Hull on 14 December. He then plans to bring the report over and show it to us before it is submitted to the President.

2. The Board is tentatively planning to meet next on Friday, 29 January, and it is possible that they will delay submission of their report until that time when they can hand it to the President personally.
